

Nuclear Advocacy Through  
Grassroots Education

## US Nuclear Energy Foundation

Renewable Energy is a  
global necessity!

We support Green Energy 100%. Its success requires continual research just as any large production method of electricity generation.

It has to achieve cost competitive productivity and sustainability by:

**Coordinating**  
**Cooperating and**  
**Integrating - all forms**

- Cost Efficient Solar
- Clean Coal
- Cost Efficient Wind
- Clean Nuclear
- Efficient Tidal
- Clean Natural Gas
- Clean Geothermal
